Introduced by Senator Florez

February 18, 2010

An act to amend ~~Section 19867~~ of Sections 19867, 19911, and 19921 of, and to add Section 19843.5 to, the Business and Professions Code, and to amend Section 330.11 of the Penal Code, relating to gaming.

LEGISLATIVE COUNSEL'S DIGEST

SB 1125, as amended, Florez. Gambling Control Act: licensing fees Act.

The

(1) *The* Gambling Control Act provides for the licensure of certain individuals and establishments involved in various gambling activities, and for the regulation of those activities, by the California Gambling Control Commission. Existing law provides for the enforcement of those activities by the Department of Justice. Existing law requires that an application for a license or a determination of suitability be accompanied by a deposit that, in the judgment of the head of the entity within the Department of Justice that is responsible for fulfilling the obligations imposed by the act, will be adequate to pay the anticipated costs and charges incurred in the investigation and processing of the application. Existing law requires the head of that entity to adopt a schedule of costs and charges of investigation for use as guidelines in fixing the amount of any required deposit under these provisions.

This bill would require the department and commission to establish an enhanced fee schedule to provide for additional fees to be charged to applicants who wish to have their applications processed and background investigations conducted in an expedited manner.

(2) Existing law permits the commission to adopt regulations related to the operation of a gambling establishment, as provided.

This bill would provide that jackpot funds, to which players have made contributions, are considered trust funds that are held for the benefit of the players and are not the property of the gambling establishment.

(3) Existing law prohibits a person under 21 years of age from being eligible for a work permit in a gambling establishment. Existing law also prohibits a person under 21 years of age from entering the premises of a licensed gambling establishment, except as provided.

This bill would permit a person between 18 and 21 years of age to work in a gambling establishment in a classification that entails providing services on and off the gaming floor that are not involved in play of any controlled game, as provided.

(4) Existing law provides that a banking game does not include a controlled game if the published rules of the game feature a player-dealer position and provide that this position must be continuously and systematically rotated amongst each of the participants during the play of the game, and if other specified conditions are met.

This bill would make a conforming change to these provisions.

20 player-dealer position and provide that this position must be
21 continuously and systematically rotated amongst each of the
22 participants during the play of the game, ensure that the
23 player-dealer is able to win or lose only a fixed and limited wager

25 *enterprise*, another entity, a player, or an observer from maintaining
26 or operating as a bank during the course of the game. For purposes
27 of this section it is not the intent of the Legislature to mandate

31 not occupy the player-dealer position.
